Connected Devices LLP

Date: 6th July 2026

Internship Completion Letter

This is to certify that Mr. Ansh Karwa, a student of Computer Science and Engineering at MIT World Peace University, Pune, has successfully completed his internship with Shalaka Connected Devices LLP in the IoT and Cloud team as a IoT and Cloud Intern, from 5th January 2026 to 4th July 2026 (Duration: ~6 months).

During his internship tenure, Ansh contributed to IoT telemetry data analysis, cloud deployment workflows, and dashboard development for Shalaka's IoT and cloud-connected product lines. Leveraging his background in full-stack development, containerized deployments, and data engineering, he actively engaged in building cloud-hosted services, analyzing device data for actionable insights, and supporting deployment pipelines—contributing meaningfully to product readiness and delivery.

Throughout the internship, Ansh demonstrated initiative, technical curiosity, and a willingness to take ownership of tasks. He adapted well to the team's working style, engaged with new technologies proactively, and maintained professional conduct throughout his tenure.

We appreciate his efforts and wish him the very best for his future career and personal growth.

Hrishikesh Kamat
CEO and Founder
Shalaka Connected Devices LLP
